Dear Mr. Sherpa & Mr. Thapa,

On behalf of the Adhikaar board members, staff, interns, and volunteers, I would like to express hearty congratulations to the US Nepal Media Center on completing a very successful year. USNepalOnline has become such an important part of our daily lives and conversations, it is hard to believe that one year ago, we did not have this news portal.

A community news portal with the tagline of A Voice for the Voiceless, US Nepal Media has been at the forefront of not only making news accessible to our community, but also disseminating news about New York Nepali community available around the world. We at Adhikaar have been impressed with the speed of news updates and the responsiveness of the staff.

We look forward to celebrating many more anniversaries, and working together to make the voice of the voiceless heard loud and clear.

Sincerely,

Luna Ranjit  
Executive Director  
Adhikaar

P.S. – Successful endeavors like yours is not possible without a dedicated team. Therefore, we would also like to congratulate and thank your other team members - Binod Pomo, Nagendra Ingman, Dawa Yolmo Lama, Amit Shah, Shambhu Moktan, Ang Kami Sherpa, and the staff in Nepal, and particularly Ms. Margaret Carne – who has become one of the strongest friends of Nepali New Yorkers.
