Maghe Sankranti – National Festival

After having fought long time for demanding Maghe Sankranti to be declared the National Festival of the country, Nepal government has finally heard our voice and recognized it as demanded since January 7, 2009. We thank all Magar organizations for working collectively and making it happen.

We, hereby, would also like to appeal all Magar Bandhus and organizations from around the world to remain united regardless of our political beliefs, differences, geographical distances and no matter where we live, and fight for **Magarant Autonomous State**. Let's support the movement morally, financially, intellectually and physically – from wherever and whatever ways we possibly can. If we do not fight ourselves for our rights and own Autonomous State, who will???

Again, we heartily welcome the decision and express our gratitude to Nepal government for declaring **Maghe Sankranti – National Festival** of the country.

Sincerely,

Lt. Mahendra K Thapa Magar
President

Mr. Lab K Budhamagar
General Secretary
